So Many Cars and Tracks To Master At Such An Early Age

Cole's highly developed skill, talent and focus have helped propel him into becoming one of racing's youngest emerging superstars.

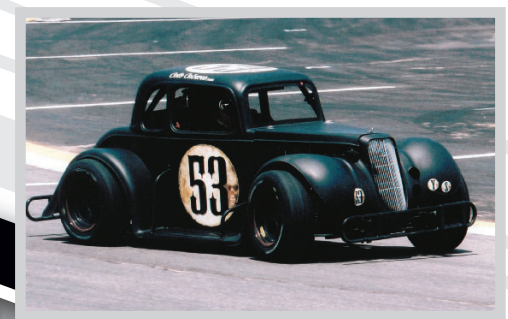

Spears SRL South West Tour Car:
"Bad to the Bone"! This fiberglass body, 2,900 lb car has 570 hp on a short 101" wheelbase. Cole is looking forward to the upcoming season knowing this is the toughest racing on the West Coast.

ASA Speed Truck:
Taking "Rookie of the Year Honors", Cole made his mark at the Vegas Bullring in 2009 when he became only the second 14 year old in it's 15 year history to win a main event in the series. Cole's 375 hp ASA truck weighs 2,650 lbs.

NASCAR K&N Pro Series:
NASCAR's entry series to the Big Three. A powerful 630 hp motor wrapped inside a 3,300 lb steel body car hits speeds in excess of 150 mph. Watch for Cole in upcoming select races.

Legend Car:
Cole quickly adapted his style of driving from the dirt tracks to pavement. With it's light 1,300 lbs, short 73" wheel base and powerful 122 hp Yamaha engine, the 5/8 scale, '34 Ford Coupe was a great intro into the world of pavement racing.

Mini Sprint Car:
Winning several races, Cole once again captured "Rookie of the Year" at age 13. Cole's driving skill really began to develop in these 636 cc, 750 lb 135 hp alcohol burning racers.

Jr. Sprint Car:
Placing 2nd in his very first race at age 11, Cole took "Rookie of the Year" at 2 tracks in 2006. Inspired by Herbie the Love Bug - Cole still runs #53 on his cars today..

"Cole has developed into a clean, experienced race car driver who runs up front in any car he drives. It's very rare that I see the talent Cole possesses!"
- Gary Scelzi, 4 time NHRA World Champion

"Cole continues to amaze me with his consistency and his ability to always finish at the top!"
- Michael Munoz: Crew Chief, NASCAR K&N Pro Series

"In my 14 years as President and CEO of the ASA Truck Series I found Cole to be one of the best talents my staff & I have ever worked with!"
- Jerry Rutherford, past President/CEO ASA Truck Series
